Professional Summary

Frontend Developer with 2+ years of experience building scalable, production-grade web and mobile applications using React.js, Next.js, and modern JavaScript frameworks. Experienced in state management (Redux, Apollo), REST API integration, CI/CD deployment pipelines, and delivering high-quality, maintainable code. Adept at independent problem-solving, collaborating with cross-functional squads, and converting UI/UX designs into responsive, modular, and reusable components.

Technical Skills

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Material UI

State Management: Redux, Context API, Apollo

APIs: RESTful API integration, JSON, GraphQL (basic)

Backend Exposure: Node.js, Spring Boot, Golang (REST APIs)

Tools & CI/CD: Git, GitHub, GitHub Actions, Travis, Agile/Scrum

Testing: Jest, React Testing Library (basic)

Professional Experience

Tarento Group

Oct 2024 – Present

Frontend / Full Stack Developer

- Developed scalable web applications using React.js and Next.js, ensuring modular, reusable, and maintainable code.
- Converted UI/UX designs from Figma into pixel-perfect components, responsive across devices.
- Integrated REST APIs, implemented state management with Redux and Context API, and optimized performance for production-grade deployments.
- Collaborated in cross-functional squads to deliver features on-time using Agile methodology.
- Assisted in CI/CD deployment pipelines using GitHub Actions and Travis.
- Conducted code reviews, debugging, and frontend performance optimization.

Selected Projects

PFH – Proactive For Her (Web Platform)

2025 – Present

Tech: React.js, Next.js, REST APIs, AWS

- Built a responsive, user-focused web platform with modular React components.
- Integrated backend APIs, optimized page load times, and ensured cross-browser compatibility.

Tarento Website Revamp

Jan 2025 – Mid 2025

Tech: Gatsby, Strapi, React.js

- Developed key web pages with reusable React components and dynamic content integration via Strapi CMS.
- Ensured pixel-perfect, responsive, and high-performance UI.

SCC – Swedish Corporate Championships (Mobile App)

Mid 2025 – Present

Tech: React Native, Firebase, Hive, REST APIs

- Developed cross-platform mobile app for iOS and Android using React Native.
- Implemented state management, API integration, and performance optimization.

Education

Bachelor of Technology in Computer Science and Engineering

Government Engineering College Thrissur

2020 – 2024

CGPA: 8.67

Languages

English (Fluent) Hindi (Fluent) Malayalam (Native)
